📋 Professional Summary

Certified Salesforce Developer with 5+ years of hands-on experience in designing, developing, and deploying scalable Salesforce solutions across diverse business domains. Proficient in Salesforce.com ☑ configuration and customizations including Apex, Lightning Web Components (LWC), and Salesforce integrations using REST/SOAP APIs. Adept at translating complex business requirements into efficient technical solutions while ensuring best practices in data integrity, security, and performance optimization. A collaborative team player with a passion for innovation and continuous learning in the Salesforce ecosystem.

🧠 Skills

Salesforce.com	● ● ● ● ●	Apex	● ● ● ● ●
Lightning Web Component (LWC)	● ● ● ● ●	Omnistudio	● ● ● ● ●
Apex, JavaScript, HTML		GIT	
Lightning Component (Aura)	● ● ● ● ●		
VS Code			

📁 Work Experience

Consultant	Jun 2024 – present
Deloitte	Bengaluru, Karnataka, India
- Led a team of 5 developers in the design, development, and delivery of a critical business module, ensuring alignment with project timelines, coding standards, and architectural best practices. - Architected and implemented complex business solutions leveraging Apex (classes, triggers, batch, and queueable jobs) and Lightning Web Components (LWC) to automate workflows and enhance user productivity. - Optimized LWC, Apex logic and SOQL queries to improve transaction efficiency, bulk processing, and scalability across high-volume data operations. - Collaborated with functional leads and business stakeholders to translate requirements into robust, scalable technical designs using a combination of declarative and programmatic approaches. - Mentored junior developers through code reviews, technical guidance, and best practice sessions, fostering a culture of quality and continuous learning. - Recognized for strong technical leadership and solution ownership, driving consistent delivery of scalable, high-quality Salesforce solutions.	
Analyst	Aug 2022 – May 2024
Deloitte	Bengaluru, Karnataka, India
- Designed and developed custom solutions using Apex classes, triggers, and asynchronous processes (Batch, Queueable, and Future methods) to automate key business operations and improve system efficiency. - Built Lightning Web Components (LWCs) to create dynamic, modular, and responsive UI components that enhanced user experience across desktop and mobile platforms.	

- Implemented OmniStudio components such as FlexCards, OmniScripts, Integration Procedures, and DataRaptors to deliver guided, low-code business flows integrated with Salesforce data.
- Adhered to Salesforce best practices in security, performance tuning, bulk processing, and code optimization, maintaining high-quality and reusable code.
- Recognized for delivering critical enhancements ahead of schedule and becoming a key technical contributor for complex integrations and portal functionality.

Analyst

Jun 2022 – Jul 2022

Accenture

Bengaluru, Karnataka, India

- Developed and optimized Apex classes, triggers, and batch jobs to automate complex business processes while adhering to Salesforce best practices and governor limits.
- Worked on Salesforce integrations with external systems using REST APIs, ensuring seamless data exchange and synchronization.
- Participated in requirement analysis, technical design, and code reviews, contributing to scalable and maintainable solutions.
- Actively contributed to performance optimization, debugging, and issue resolution, showcasing strong problem-solving and analytical skills.

Associate

Jan 2021 – May 2022

Accenture

Bengaluru, Karnataka, India

- Worked on implementing business requirements using apex and salesforce configuration including flows, permission sets configurations and custom metadata.
- Designed and implemented OmniStudio solutions including FlexCards, OmniScripts, DataRaptors, and Integration Procedures to streamline guided workflows and improve user experience.
- Collaborated closely with business stakeholders and QA teams to ensure smooth deployments and alignment with functional requirements.
- Worked on deployment process, creation of delta packages for deployment, Deployment using build tool and idx and Org refresh activities as part of DevOps.
- Demonstrated quick learning and adaptability, becoming a go-to developer for Salesforce development within the first year.

Projects

State of California - Public Sector

Apr 2024 – present

USA

Worked on design and implementation of complex business scenario for the child care home facilities. Took ownership of specific business modules and lead the team to developed custom solutions using Apex, LWC, Aura, Flexcards, Omniscripts, Datarprotors, Integration Procedures and salesforce standard features.

State of Maryland - Public Sector

Aug 2022 – Mar 2024

USA

Created design and implemented the complete solution for the Child Care Scholarship process and automated the flow using salesforce platform and Vlocity.

Worked on Apex programing, LWC, Salesforce Integration, Automation tools and configuration as part of Salesforce development.

And worked on Omniscripts, Flexcards, Dataraptors and Integration Procedures as part of Vlocity development.

Sunrise Communication AG - Public Sector

Jan 2021 – Jul 2022

Switzerland

Worked on Apex programing, LWC, Salesforce Integration, Automation tools and configuration as part of Salesforce development.

Worked on Omniscripts, Flexcards, Dataraptors and Integration Procedures as part of Vlocity development.

Worked on deployment process, creation of delta packages for deployment, Deployment using build tool and idx and Org refresh activities as part of DevOps.

 Certifications

- Salesforce Certified Administrator
- Salesforce Certified Platform App Builder
- Salesforce Certified Platform Developer I
- Salesforce Certified OmniStudio Developer
- Salesforce Certified Sales Cloud Consultant
- Salesforce Certified Omnistudio Consultant
- Salesforce Certified Javascript Developer I
- Salesforce Certified AI Associate

 Awards

Applause Award 07 Nov 2025

Deloitte

Got recognized for leading my team and providing technical solutions for complex business requirements.

Outstanding Award 08 Apr 2025

Deloitte

Got recognized for outstanding performance for delivering quality work and reliability.

Spot Award 03 Oct 2024

Deloitte

Got recognized for providing generic solutions to complex business requirements.
