Compensation Statement - Notations & General Definitions

The notations and general definitions, if applicable, below link to the details in your compensation statement.

Salary Summary Detail	Variable Incentive	Additional Awards Received
1) The Total salary change includes all adjustments made to the salary.	2) Variable Incentive percentage is calculated on the prorated Salary. 3) Potential Target Variable Incentive represents minimum and maximum amount of the Target variable incentive range.	4) Reward Excellence Awards include Spot, Applause and Outstanding Performance Awards, and Vantage points received beginning 6/1/2025 through 5/31/2026 and excludes any tax gross-up made.

General Definitions:

- Salary** : Considers relevant skills, level, historical and current performance and should align closely to similar peers.
- Salary Change**: Merit, promotion increases and market adjustments, if any
- Variable Incentive/AIP Awarded/PLI**: Discretionary component for eligible job levels that reflects Firm/Business financial and individual fiscal year performance
- Reward Excellence Last Fiscal Year**: Spot, Applause, and Outstanding Performance Awards received in last fiscal year
- Additional Awards Received**: Generally populated when special payments are issued
- Total Compensation***: Salary prior to 2026 annual cycle + Variable Incentive + additional awards (Excludes AIP processed through US payroll for ST/MT and LT assignments, if any)

Your [performance dashboard](#) includes any applicable performance indicators (i.e., your impact made this year, including snapshot summaries, metrics, and compliance) that may impact your overall compensation.

Variable Incentive payout is subject to professionals being active on the payroll as on the disbursement date (5/29/2026).

Amounts represented above are at 100% work schedule and actual salary may vary depending on the current work schedule of the employee.
